

# The Topsfield

**T**he Topsfield is designed around the concept of elegant first floor living. Featuring a Master En-Suite, a separate washer dryer area directly off the kitchen, and two spacious bedrooms that can be used for family, friends or guests. The center section features a chalet-style vaulted ceiling area done via a scissor truss rafter, and the two bedroom sections would have a standard ceiling approach. Elegance and affordability for a perfect and classic cozy design.

3 Bedrooms  
2 Full Baths  
Total Square Footage: 1,352 Sq. Ft.
