

The Vacationer

Northeastern Log Homes
info@northeasternlog.com 800-624-2797 www.northeasternlog.com

*Artist's rendering, photography and optional design ideas may vary from the standard model. Please always consult the standard floorplan and refer to the Camp and Cabin material list as to what is included.

The Vacationer

Camp and Cabin Series

20' x 30' Size

724 Square Feet

One Bedroom plus sleeping loft

One Full Bath

Interior of the Vacationer features a vaulted ceiling done with rafters and ridge beam. Note: Vacationer design assumes a storage loft on second floor. Depending on local code, staircase design installed by the customer at left may not be possible.

Optional Design Ideas

Extend the deck across the right side for a fantastic gathering place & location for the BBQ grill

Grow the entry area from 8' width to 10' to generate a 'mini-mudroom' area to come in and take off coats & boots

Add a porch off the right side to enjoy the view from your cabin.

Perfect as a do-it-yourself vacation getaway in the woods or trails
