\*Artist's rendering, photography and optional design ideas may vary from the standard model. Please always consult the standard floorplan and refer to the Traditional Series material list as to what is included.

## The Mansfield

Traditional Home Series 26' x 52' Overall Size 1,307 Square Feet 3 Bedrooms 2 Full Baths

## First floor washer/dryer

The center section of the Mansfield features a vaulted ceiling with scissor trusses above and knotty pine v-match below. The bedroom wings are done in truss rafters with knotty pine v-match beneath. The upper gable ends of the bedroom wings are designed and shown with log siding on the exterior. Consult the Traditional Home Series material list for full details.

Optional Design Ideas:

Designate the downstairs as the washer/dryer area and instantly create a magnificent walk-in pantry for the kitchen area.

Add a window to bedroom #2 or bedroom #3 for additional views

Change the typical flat truss in the Master Bedroom to a scissor truss giving a vaulted effect to the master bedroom ceiling

Third bedroom can easily be a multi-function room. Designate it as a den/study/home office, but have a pull out couch available for extra guests
