Optional Design Ideas:

For smaller homes, also consider the plans and designs in the Traditional Home Series

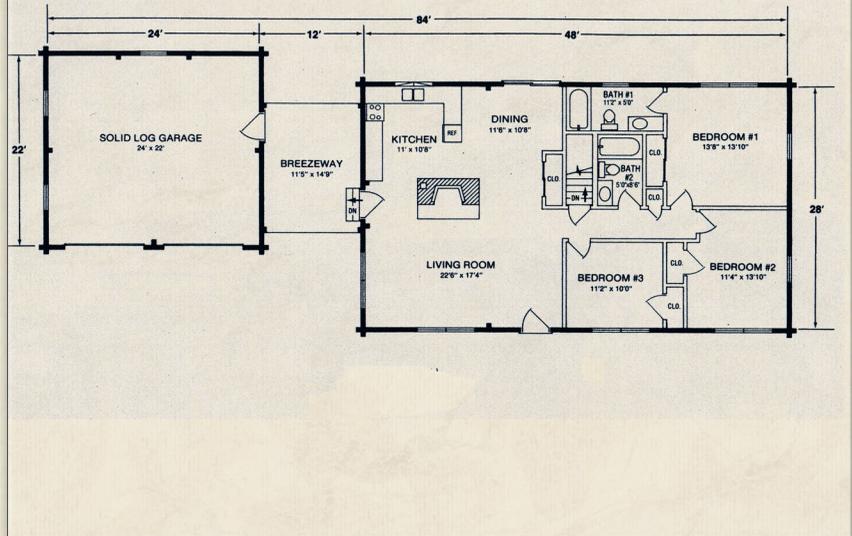

Move the Refrigerator to the left wall and open up that right hand countertop area for a fantastic Breakfast Bar

Create an stackable Washer/Dryer area in the hallway at one of the closet areas.

Move the Hearth over to the left wall opening that great room for more living space.

Change the garage over to Log Siding--most clients don't really need full log for that area

Add a deck off the side, or rear of the plan. This can provide a terrific area for family gatherings, BBQ's or evening relaxation.
